Dear Sir:

"Enclosed is some literature that I promised to send you when I contacted you on the telephone. In the near future I will be glad to deliver some additional literature when and if we can arrange to get together for a talk on some subjects that I will try to cover briefly in this letter.

"We must defeat the Communist conspiracy in this country or our Constitutional form of government and free enterprise system will be destroyed. As you know for more than forty years the Communist in this country have been undermining our government with the objective of setting up a Sovient United States Of American that would be controled by Russia.

"This race mixing business is just one of the ways they are going about in carrying out their plan to destroy our country. They are trying to stir up another Civil War between the North and the South and we must

SD 105-new

"not fall into their trap. As a loyal Southerner I know that the majority of the people in the North and West are on our side in our fight to preserve the white race in this country. It may appear on the surface that this is not so and of course the Communist want to create the division of our citizens on this issue. This is based on their divide and conquer way of working to advance their cause.

"Since both old parties have sold out to the Communist we can expect no action from them. I have been backing the new third party movement since 1948 and I believe this is our only hope of defeating Communism in this country. We polled about 200,000 votes on the Thurmond Wright Dixiecrat ticket in 1948. In the last election we polled about 500,000 votes on the Andrews-Werdel ticket so we are slowly making some progress in building up a conservative third party. I am backing the Constitution Party in this state. The literature enclosed will give you some information on this party.

"In addition to this third party movement I believe we should set up a Citizens Militia that would operate some what like our National Guard. It should be free from government control because that is what is ruining the National Guard. The Guard has been taken over by the Federal Government and is no longer under state control as it should be. Therefore this Militia would be a private non-profit, non-partisan infantry organization composed of people who are Anti-Communist. The members would furnish their own arms and uniforms and pay a yearly membership dues. They would be organized as infantry rifle companies and drill once a week. Should the

SD 105-new

"Communist attempt to overthrow our government by force this Milita would be ready as a last resort to defeat them.

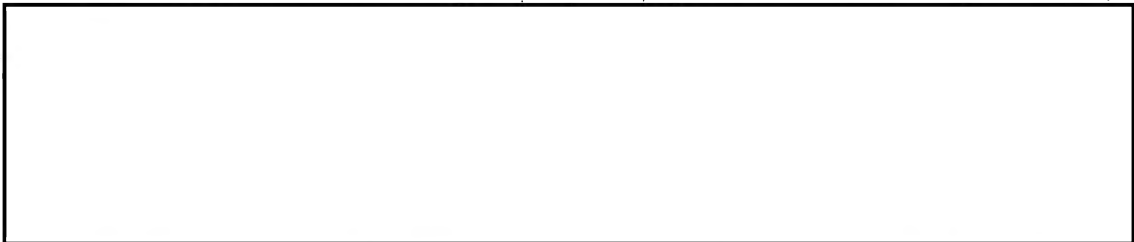

"I will fight as long as I can draw a breath to defeat the Communist traitors in this country. They now control 1/3 of the worlds population and 1/2 of its land area. We will be the last country they will try to take over and we may not have more than 10 to 15 years to be prepared to defeat their attempt to take over our country by force. Of course they are now taking it over by illegal means and are trying to make it appear to be legal. For example they are now in control of our Supreme Court and have a powerful influence in Congress and our state governments. In fact California ranks next to New York in the number of active Communist.

"We should set up in addition to this a investigation organization to root out the Communist where ever we can locate them in our defense set up and key government positions. I have interested some retired officers here in this as we will need the best military brains we can round up for advice and assitance. Since this will be operated on a strict legal basis we can not hope to compete on even terms with the Communist because they will resort to illegal means whereas we can not.

"I will give you some background information on myself that you are welcomed to check.

"I could list many more and will if you should want additional names. These are all fine conservative anti-communist people whom I would recomend to anyone opposed to communism. I am sure they would like to meet you and you are welcomed to use my name should you wish to contact them.

"I could write a book on many things that I would like to say in this letter but will have to make this brief. I do hope that we can arrange to get together for a good talk about the subjects I have mentioned in this letter. I expect to be free next week and will try to contact you on the telephone.

[redacted] visited BERTRAND L. COMPARET at the latter's home, 4930 Mansfield, San Diego [redacted]. COMPARET talked about Zionist and Marxist Jews, using passages in the Bible to show that these people were dangerous to the welfare of the country. COMPARET said that officially GERALD L.K. SMITH is keeping "hands off" the Constitution Party because he feels that his (SMITH's) association with the Party would harm it. SMITH is sympathetic but will not take an active part in the Constitution Party.

Concerning the Teutonic Knights, COMPARET said that he had heard that [redacted] was suspected of being a possible undercover agent of the ANTI DEFAMATION LEAGUE (ADL). Reasons given for suspecting [redacted] were that they feel that he was deliberately hired by the ADL and that he is the only one of all the conservatives who advocated violence. COMPARET said he is against the idea of anything underground such as the Teutonic Knights and that he had told [redacted] that [redacted] should have nothing to do with [redacted]. COMPARET described [redacted] as still wet behind the ears, and did not know "what it was all about". COMPARET said he, COMPARET, was against violence of any kind.

[redacted] visited [redacted] at the latter's home [redacted]. [redacted] told [redacted] that [redacted] was in financial difficulties. [redacted] said that he is opposed to violence but that the Teutonic Knights was still in existence. He said that units of the organization are composed of three persons and that only one individual knows of the existence of another group, etc. [redacted] told [redacted] that they have some unregistered guns. [redacted] gave [redacted] the name of [redacted].
